7 PROCEDURES FOR SUSPENSION AND EXPULSION

SUSPENSION

The Board of Management has the authority to suspend a student. The Board has delegated this authority to the Principal of the school.

Prior to suspension, other interventions are normally tried. However, a single incident of serious misconduct may be grounds for suspension.

Suspensions cannot be open-ended.

The Principal, before imposing a suspension considers:

- The nature and seriousness of the behaviour;
- The context of the behaviour;
- The impact of the behaviour;
- The interventions tried to date;
- Whether or not a suspension is a proportionate response to the behaviour;
- The possible impact of the suspension.

The grounds for suspension must be serious, such as:

- The student having a serious detrimental effect on the education of others;
- The student's presence in the school posing a threat to health and safety;
- The student being responsible for serious damage to property.

(A) Immediate Suspension

The Principal may consider that an immediate suspension is warranted for the safety of the student, other students, staff or others.

- This suspension takes place after a preliminary investigation has taken place to establish the grounds for the suspension.
- The formal investigation of the circumstances takes place after the suspension has begun.
- Parents/Guardians are contacted to make arrangements for the student to be collected / return home.
- The suspension is later confirmed to parents/guardians in writing.

(B) Other Suspensions

A preliminary investigation may confirm that a student's behaviour may warrant suspension. The Principal decides that the student may stay at school pending the outcome of a formal investigation.

- The student and parents/guardians are informed of the school's concerns/complaint.
- The parents/guardians and students are given an opportunity to respond.
- The student and parents/guardians are given details of how the situation will be formally investigated and are informed that the investigation may result in a suspension.
- After the formal investigation, if the Principal is satisfied that a suspension should be imposed, the parents/guardians will be informed in writing.

Lengths of Suspensions and Appeals

- Suspensions do not normally exceed three days.
- If the Principal proposes a suspension exceeding three days, the matter is normally referred to the Board of Management.
- The Board may authorise the Principal to impose suspensions of up to five days, on consultation with the Chairperson, if a timely meeting of the Board cannot be convened. (*Re-ratified at the first meeting of the Board of Management, 2018-2019*).
- The Board normally does not impose individual suspensions exceeding ten days.
- If the Board imposes a suspension which causes a student's total suspensions in one school year to exceed twenty days, this suspension may be appealed under Section 29 of the Education Act (1998).
- Parents/Guardians, or a student aged over eighteen years, when notified of a suspension that causes the student's suspensions to exceed twenty days in one school year, should also be informed of their right to appeal and given information about the appeals mechanism.

Written Notification

Parents/Guardians are informed of suspensions imposed in writing with details of:

- The duration of the suspension, with starting and finishing dates;
- The reason for the suspension;
- Details of schoolwork to be completed during the suspension, if any;
- Details of supports, if any, which the school will organise for the student and his/her family during the suspension;
- Arrangements for the student to return to school;
- Targets/requirements for the student on his/her return;
- Information around the right to appeal the suspension.

Re-integration of the Student

- On his/her return from suspension, the student and a parent/guardian meet with the Deputy Principal/Principal.
- The suspension is reviewed and previously agreed targets/requirements discussed.
- Schoolwork, that the student has completed while on suspension, is presented.
- The student returns to class in the expectation that there will be no further problems with his/her behaviour.

Reports

- The Principal reports all suspensions to the Board of Management, with reasons for and the duration of each suspension.
- All suspensions are reported to the NEWB.

EXPULSION

The Board of Management of St Kilian's Community School has the authority to expel a student.

Grounds for Expulsion

Expulsion is considered by the Board, only in extreme cases of misbehaviour. Prior to the Board considering expulsion, the school would normally have undertaken significant steps, including:

- Explanation of the school's Code of Behaviour to ensure that the student understands the consequences of his/her behaviour.
- Meeting with the student and his/her parents/guardians to explore ways of helping him/her to change his/her behaviour.
- Offering in-school supports such as the Behaviour for Learning Teacher, the Home School and Community Liaison Teacher and the School Completion Programme.
- Seeking the support of external agencies such as the National Educational Psychological Services (NEPS) and the Child and Adolescent Mental Health Services (CAMHS).

A proposal to expel requires serious grounds such as that:

- The student's behaviour is a persistent cause of significant disruption to the learning of others or to the teaching process;
- The student's continued presence in the school constitutes a real and significant threat to safety;
- The student is responsible for serious damage to property.

The grounds for expulsion are similar to the grounds for suspension. They differ by:

- The degree of seriousness of the behaviour;
- The persistence of the behaviour;
- The lack of success of interventions aimed at changing the behaviour;
- The exhaustion of strategies/interventions which may change the student's behaviour.

The Board of Management, before deciding on a proposal to expel considers:

- The nature and seriousness of the behaviour;
- The context of the behaviour;
- The impact of the behaviour;
- The interventions tried to date;
- Whether or not a suspension is a proportionate response to the behaviour;
- The possible impact of the expulsion.

Expulsion for a First Offence

In certain circumstances, the Board may decide to expel a student for a first offence. The kinds of behaviour which might result in a proposal to expel a student may include:

- A serious threat of violence against another student or member of staff.
- Actual violence or physical assault.
- Supplying illegal drugs to other students in the school.
- Sexual assault.

Procedures in respect of Expulsion

Where a preliminary investigation confirms serious misbehaviour by a student that could warrant an expulsion, the procedural steps followed will include:

1. A detailed investigation carried out under the direction of the Principal.
2. A recommendation to the Board of Management by the Principal.
3. The Board's consideration of the Principal's report, and the holding of a Hearing.
4. Board deliberations and actions following the Hearing.
5. Consultations arranged by the Educational Welfare Officer.
6. Confirmation of the decision to expel.

1. A detailed investigation carried out under the direction of the Principal.

- The student and his/her parents/guardians are given details of the alleged misbehaviour and told of the possibility of expulsion. They are also told about how the investigation will proceed.
- The student and his/her parents/guardians are given opportunities to respond to the reported misbehaviour. Meetings may be held to allow this to happen and for thorough discussions to take place.

2. A recommendation to the Board of Management by the Principal.

Having carried out the detailed investigation, if the Principal forms the opinion that a student's behaviour warrants expulsion, he/she will:

- Inform the parents/guardians and the student that the Board is being asked to consider expulsion.
- Ensure that parents/guardians have records of: the allegations against the student; the investigation; written notice of the grounds on which the Board is being asked to consider expulsion.
- Provide the Board with the same comprehensive records as given to the parents/guardians.
- Notify the parents/guardians, with sufficient notice, of the date and time for the hearing with the Board of Management.
- Advise the parents/guardians that they can make a written and oral submission to the Board.

3. The Board's consideration of the Principal's report, and the holding of a Hearing.

- The Board satisfies itself that the investigation was carried out fairly and properly.
- The Board reviews the documentation.
- Board members who may have an involvement in the case do not participate in discussions/decisions.
- The Principal and parents/guardians, or a student aged eighteen years or over, each put their cases to the Board at the Hearing.
- Each party may question the other's reports.
- The parents/guardians may make a case for lessening the sanction.
- The Board acts impartially at all times.
- Parents/guardians may wish to be accompanied, and the Board will be open to facilitating this, by prior arrangement with the Secretary to the Board.

- The parents/guardians, student, any accompany persons and the Principal leave the meeting prior to the Board's deliberations.

4. Board deliberations and actions following the Hearing.

- The Board decides whether or not the Principal's allegation is substantiated and if expulsion is the appropriate sanction.
- If the Board forms the opinion that the student should be expelled, through the Secretary, it informs the National Educational Welfare Board (NEWB) of this opinion.
- The Board also informs the parents/guardians of its conclusions.
- If expulsion is proposed, the Board will inform the parents that the NEWB has been informed and will outline the next steps in the process.
- Pending consultations to be held by the NEWB, the Board may decide to suspend the student involved, if there is a risk of disruption of the learning of others or a threat to the health and safety of members of the school community.
- In the event of the student being suspended in this way, the Principal will arrange for him/her to be supported by the school, as per other suspensions.

5. Consultations arranged by the Educational Welfare Officer.

Within twenty school days of receipt of a notification from the Board of its opinion that a student should be expelled, the NEWB must:

- Make all reasonable efforts to consult with the student, parents/guardians and Principal and anyone else who may be of assistance.
- Convene a meeting of all concerned, if possible.
- These consultations are to explore the possibility of avoiding expulsion. They provide a forum for new information to be presented.
- The meetings may also be used to discuss career plans and alternative educational pathways for the student involved.

6. Confirmation of the decision to expel.

- Twenty school days after the NEWB was first informed of the Board's opinion, if the Board of Management remains of the view that the student should be expelled, this decision should be formally confirmed.
- The Board may delegate this decision to the Chairperson and Principal, according to the Board's meetings schedule.
- Parents/Guardians are informed of the decision, in writing, without delay and are supplied with the standard form on which to lodge an appeal
- If the NEWB's consultation process has presented new information or a possible resolution, the Chairperson may decide to convene a Board meeting to consider same.

Appeal of a decision to Expel

- A parent/guardian, or student aged eighteen years or over, may appeal a decision to expel to the Secretary General of the Department of Education and Skills, under Section 29 of the Education Act (1998).
- The NEWB may also bring an appeal on behalf of a student.

Note 1: Where a suspension or expulsion is imposed, this is a private matter between the school, the student involved and his/her parents.

The Board of Management of St Kilian's Community School is committed to the regular review of the use of suspension and expulsion in the school.

This policy was re-ratified by the Board of Management on October 20th 2022.
